TOWN AND COUNTRY PLANNING ACT, 1971

GRANT OF PLANNING PERMISSION

Application No: ROC436/84

Parish: RAYLEIGH

Proposal: USE 1.1 ha FOR SCRAP AND EQUIPMENT PROCESSING; OPEN STORAGE OF METALS, PUBLIC WEIGHBRIDGE AND CONSTRUCT ESTATE ROADWAY

Location: RAWRETH INDUSTRIAL ESTATE (SOUTH-EAST), RAWRETH LANE, RAWRETH

Applicant: ROBIN LEVY CONSULTANTS,
2, PALMEIRA MANSTONS,
PALMEIRA AVE., WESTCLIFF,
ESSEX.

The Council as district planning authority hereby give notice of their decision to GRANT PLANNING PERMISSION for the above proposal subject to the conditions set out in the attached schedule.

Signed 

Director of Town Planning

Date: 5TH OCTOBER 1984

Directorate of Town Planning,
Rochford District Council,
Planning Offices,
Essex, SS4 1BW

SCHEDULE - ROC436/84

Conditions:

1. (a) Approval of the details of the proposed development (hereinafter called the "reserved matters"), shall be obtained from the local planning authority.

(b) Application for approval of the reserved matters shall be made to the local planning authority within three years beginning with the date of this outline permission.

2. The development hereby permitted shall be begun on or before whichever is the later of the following dates :-

(a) the expiration of five years beginning with the date of this outline permission or,

(b) the expiration of two years from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last such matter to be approved.

3. The detail plans required by Condition 1 above shall include full information on the following items :-

(a) The boundaries of the area to be used for the processing of scrap metals.

(b) The boundaries of the area to be used for the open storage of scrap metal and equipment both processed and awaiting processing.

(c) The location and details of any static plant, machinery or processing equipment.

(d) Areas to be used for car parking and for the loading/unloading of trade vehicles and the means of access thereto.

(e) Details of the intended means of enclosure/security fencing of the site.

Cont....

Signed

Director of Town Planning

Date: 5th December 1984

SCHEDULE - ROC436/84

Conditions (Cont).

- (f) The provision of a 6m (20ft.) wide planted buffer strip abutting the southern and eastern boundaries of the site.
 - (g) The public weighbridge and its location.
 - (h) The envisaged office, workshop and warehouse, together with any other buildings that may be required.
4. Any stored scrap whether processed or awaiting processing, together with any static plant or equipment used in the processing operations, shall at no time exceed a height of 4.5m (15ft.) measured from the existing ground level.
5. There shall be no burning of materials on any part of the application site.
6. The processing of scrap metals including all work ancillary thereto shall only be carried out between the hours of 7.30 a.m. to 6.00 p.m. Mondays to Fridays, between the hours of 7.30 a.m. to 2.00 p.m. on Saturdays, and not at all on Sundays and Bank Holidays.
7. The site shall be used for the development hereby permitted only and shall not be used for any other purposes including any other within classes III, IV and X of the Town and Country Planning (Classes) Order, 1977 without the prior approval in writing of local planning authority.

Cont....

Signed

Director of Town Planning

Your attention is drawn to the notes overleaf

SCHEDULE - ROC436/84

Conditions (Cont)

8. A landscaping scheme, which shall include the planting of trees, shall be agreed within six months of the date of this permission and shall be implemented during the first planting season following the commencement of the development hereby approved. Any tree or other agreed planting dying within five years of planting shall be replaced by the applicants or their successors in title to the satisfaction of the local planning authority.

9. All access to the site shall be obtained via the existing industrial estate and the access road thereto leading off Rawret Lane.

10. No retail sales shall take place on any part of the application site.

11. Any surface water drainage from areas liable to oil pollution shall incorporate oil interception arrangements capable of removing oil from surface water and any chemical or oil storage tanks or areas shall be enclosed by impermeable bunds to contain any leaks, spillage or overflow. Details of such surface water arrangements shall be submitted to and approved by the local planning authority before the development is first commenced.

12. A scheme for improved access shall be submitted to the planning authority within twelve months of this permission and applicants shall use their best endeavours to commence such scheme within three years.

Cont....

Signed

SCHEDULE - ROC435/34

Reasons:

- 1.- 3. The particulars submitted are insufficient for consideration of the details mentioned and also pursuant to Section of the Town and Country Planning Act, 1971.
4. To ensure that any materials stored on the site are not visually intrusive in the surrounding Metropolitan Green Belt.
5. & 6. In the interests of public amenity and to protect the amenity of the occupiers of residential properties in the locality.
7. To enable the local planning authority to control the use of land.
8. To enhance the development and provide satisfactory screening of the interests of amenity.
9. In the interests of highway safety and to protect the amenity of nearby residential properties.
10. Insufficient information has been submitted to enable the authority to ensure that uses other than those hereby approved would have no adverse effect on the amenities, rural character and traffic flows in the area.
11. To prevent pollution in the interests of public health and amenity in the area.
12. To ensure that the remainder of the industrial estate is developed to standards similar to those of the development approved to secure conformity and in the interests of amenity.
