

SERVICE REPORT

Name: Alan Ellis

Date: 25th October 2006

Service address:
13 Highfield Crescent
Rayleigh
SS6 8SP

Technician: Stratton

Initial Visit. Routine. Follow Up. Call Out.

Pest: Survey Loft for BATS

Observations / Comments:

The loft area was fully surveyed and there is no evidence of Bat activity at this time. There are a few small redundant wasps nest and a disused birds nest, as already notified to you.

Recommendations / Treatments:

There are no plans to carry out any treatments for pests, as none were found.
 A full report is to follow through the post.

Products used:

None.

Declaration.

I agree to SPC Pest Control carrying out a pest control service treatment at my premises. I further agree that the technician has taken all reasonable care in carrying out this treatment and has informed me on the treatment that has taken place, and the products that have been used. I agree also that I am responsible to ensure that any products placed in/on my property are not misused or abused by myself, any member of my family, or any visitors to my property. I shall not hold SPC Pest Control or any of their representatives liable, should the products be tampered with in any way whilst they are on my premises.
