12. Assessment of Flood Risk
Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.) Yes No
If Yes, you will need to submit an appropriate flood risk assessment to consider the risk to the proposed site.
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)? Yes (No
Will the proposal increase the flood risk elsewhere? (Yes (No
How will surface water be disposed of?
Sustainable drainage system X Main sewer Pond/lake
Soakaway Existing watercourse
13. Biodiversity and Geological Conservation To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.
Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:
a) Protected and priority species
Yes, on the development site Yes, on land adjacent to or near the proposed development No
b) Designated sites, important habitats or other biodiversity features
Yes, on the development site Yes, on land adjacent to or near the proposed development No
c) Features of geological conservation importance
Yes, on the development site Yes, on land adjacent to or near the proposed development
14. Existing Use
Please describe the current use of the site:
The site is currenty a grass verge - application is to allow vehicle access.
Is the site currently vacant? C Yes C No
Ooes the proposal involve any of the following? If yes, you will need to submit an appropriate contamination assessment with your application.
Land which is known to be contaminated? (Yes (No
Land where contamination is suspected for all or part of the site? Yes No
A proposed use that would be particularly vulnerable to the presence of contamination? Yes No
15. Trees and Hedges
Are there trees or hedges on the proposed development site? Yes No
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the
development or might be important as part of the local landscape character?
If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority, if a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BSS837: Trees in relation to design, demolition and construction - Recommendations'.
16. Trade Effluent
Does the proposal involve the need to dispose of trade effluents or waste? Yes • No
17. Residential Units
Does your proposal include the gain or loss of residential units? Yes • No
18. All Types of Development: Non-residential Floorspace
Does your proposal Involve the loss, gain or change of use of non-residential floorspace? Yes No
