SUPPORT SERVICES

Date: March 26th 2018

Dear Ravi Rehal/ Matthew Thomas,

With regard to:

Planning application number: 18/00187/FUL

Applicant: Mr Steve Johnson.

Site location: 14 London Hill.

We are neighbours to this property.

Our objections to the proposed build:

1. There is no mention of how much higher the new property will be. Any increase will look directly into the bedrooms of our property and block our view and sunlight.
2. The top window facing towards Rectory Garth appears to be a bathroom on the plans. If this window is not frosted our privacy will be lost, as well as our property having a direct view into a bathroom. If the was room changed to a bedroom by any occupants of the house in the future, this would be further loss of privacy.
3. Loss of natural sunlight to our garden.

Thank you for your time and consideration.

Kind regards

Martin Chantree
