Specialist Archaeological Advice

Dear Benjamin,

Re: 18/00750/FUL – New Airport Terminal Building, Southend Airport, Rochford, Essex

Thank you for consulting the Historic Environment Advisor of Essex County Council regarding the above application.

The above application is a variation of application 17/00996/FUL for which an archaeological condition was recommended. To satisfy the condition a WSI and programme of archaeological evaluation was required. This work has been completed and a final report has been submitted and approved.

No further archaeological investigation will be required on the above site and there are no archaeological recommendations being made on this application.

If you have any questions please do not hesitate to contact me.

Yours sincerely

Alison Bennett
pp. Teresa O'Connor
Historic Environment Advisor
