RECEPTION

This drawing is to be used for printing information only, and is subject to alteration through changes to the site layout or until approved by the area designer.

Any species substitution by the contractor must be verified with the Landscape Architect through the Job Architect.

This report must be checked in accordance with NHDOT Standards 2013 Chapter 4.2 - Building Near Trees & Chapter 9.2 - Drives, Paths, and Landscaping by the Regional Engineer prior to implementation.

Excavations: Contractors must ensure that they have full information relating to service and drainage positions before undertaking any excavations.

Root barriers to be used in association with tree planting adjacent to kerbs / services / footpaths etc (GreenBlue Urban ReRoot products or similar application, in accordance with manufacturer's instructions).

For Landscape Specification, Planting Details and Erosion/Steed Mixes refer to LLA drawing 2051.28.
