All planting mixes should be planted in groups of 5-7 plants per individual species.

GENERAL NOTES

This drawing is to be used for planting information only, and is subject to alteration through changes to the site layout or until approved by the area designer.

Any species substitution by the contractor must be verified with the Landscape Architect through the Job Architect.

This layout must be checked in accordance with NHBC Standards 2013 (Chapter 4.2 - Building Near Trees & Chapter 9.2 - Drives, Paths and Landscaping) by the Regional Engineer prior to implementation.

Excavations: Contractors must ensure that they have full information relating to service and drainage positions before undertaking any excavations.

Root barriers to be used in association with tree planting adjacent to kerbs / services / footpaths etc. (GreenBlue Urban Reflood products or similar application, in accordance with manufacturer's instructions).

For Planting Schedule to drawings 08-15 refer to LLA drawing 2051 12

For Landscape Specification, Planting Details and Emorsgate Seed Mixes refer to LLA drawing 2051 26
