Comment	This development is badly planned to exit into the very congested Ashingdon Road. Having lived in this area just off this road for 37 years I know the chaos that can form on this road during roadworks, deliveries, bin collection days etc, this road has access to one high school and three infant/junior school and at these times in the morning and afternoon this road is chaos with long tailbacks, to add another 600 odd houses with possibly 1 to 2 cars each property is ludicrous and that is not to mention all the traffic deliveries, visitors, bin collections and other services that will need to enter and exit this estate onto Ashingdon Road. The doctors, schools, dentists are already fully subscribed with no plans to add these into the infrastructure of this estate. I have serious concerns for the safety of our children with the huge addition of traffic on this road so close to schools.
