Dear Sirs

**"Granny Annexe" extension at 27 Osborne Avenue
Hockley Essex SS5 4UJ**

Please accept this letter as supportive documentation for the enclosed Planning Application for a side extension to 27 Osborne Avenue Hockley.

I am having the one bedroom extension built for my father to come and live with me from Council accommodation at Upton Park in East London. He is an active 81 year old who likes his own independence, going to the shops daily, having a drink and generally enjoying his life. My father would like to have his own front door into the annexe. He does not drive and therefore has no car. I have decided to incorporate the "granny annexe" into our home by extending my dining room and kitchen and therefore having a door from my father's lounge into my dining area to enable close communication.

Yours faithfully,

(Mrs) SUSAN SARGENT
