Hi Katie,

Yes, the use of timber decking is considered acceptable. This being a traditional material and I don't consider the use of sandstone paving to the rear to result in any harm.

Thanks,
Thomas

Kind Regards

Thomas

Good morning Katie,

Please see the attached – sorry for the slight delay. We have now shown timber decking with a brown stain.

We are looking to get the bin/plant application submitted early next week the clients are just confirming species/sizes etc.

Do let us know if you needed anything else – thank you! 😊

Kind regards,

Hi Josie,

Timber decking would be the only option.

Hi Katie,

Thank you for your letter!

In regards to the composite decking, would a higher quality version such as Millboard suffice, or would timber decking be the only option?

Look forward to hearing from you 😊
