G J & N H Harris 29, South View Close Rayleigh SS6 7LX Site at 270 Eastwood Road Rayleigh Appeal Ref: APP/B1550/23/3324879 Dear Sir/Madam, We have the same reasons for this appeal to be refused as when the Application was first submitted. There is a steep gradient from the hill down to the proposed site making it difficult and dangerous to access from and to the Eastwood Road, it will be a hazard waiting to happen. (Especially in Snow and Ice). The repositioning of the bus stop will only add to the danger, moving it so close to the right turn into Clarence Road, where there are already accidents in this congested area. The Eastwood Road was never meant to be for so much traffic, it is also too narrow for all the construction traffic turning going up & down to the proposed site, should it go ahead. This is a floodplain area, when rain is heavy which is getting worst due to Climate Change the water runs down hill like Niagara Falls & accumulates in the fields below. Environment, this is Green Belt Land, more construction in a already over populated area, will cause even more pollution and will destroy all wildlife, Badgers, Fox's, and Deers that are seen regularly in the fields. Regards, G J & N H Harris

Holly
