(in hectares)

0.40

Area of floor space of proposed development
(in square metres)

103

Has the description of the development changed from that stated on the application form?
YES NO ☒

If YES, please state below the revised wording, and enclose a copy of the LPA's agreement to the change.

Construct ground floor rear extension and construct new pitched roof over with front and rear dormers to convert bungalow to chalet. Demolish Outbuildings.

F. REASON FOR THE APPEAL

This appeal is against the decision of the LPA to:-

Please tick **one** box only ☒

- 1 Refuse planning permission for the development described on the application form or in Section E. ☒
- 2 Grant planning permission for the development subject to conditions to which you object.
- 3 Refuse approval of the matters reserved under an outline planning permission.
- 4 Grant approval of the matters reserved under an outline planning permission subject to conditions to which you object.
- 5 Refuse to approve any matter required by a condition on a previous planning permission (other than those in 3 or 4 above).

or

- 6 Failed to give notice of its decision within the appropriate period (usually 8 weeks) on an application for permission or approval.

G. CHOICE OF PROCEDURE

There are 3 possible procedures:- written representations, hearings and inquiries. You should consider carefully which method suits your circumstances before selecting your preferred option by ticking the box.

1. THE WRITTEN REPRESENTATIONS PROCEDURE ☒

This is normally the simplest, quickest and most straightforward way of making an appeal. The written procedure is particularly suited to small-scale developments (e.g. individual houses or small groups of houses; appeals against conditions or changes of use).

Please answer the questions below.

- | | | |
|---|---|--|
| a) Could the Inspector see the relevant parts of the appeal site sufficiently to judge the proposal from public land? | YES <input checked="" type="checkbox"/> | NO <input type="checkbox"/> |
| b) Is it essential for the Inspector to enter the site to check measurements or other relevant facts? | YES <input type="checkbox"/> | NO <input checked="" type="checkbox"/> |

If so, please explain below or on a separate sheet.

2. THE HEARING PROCEDURE ☐

This procedure is likely to be suited to more complicated cases which require detailed discussion about the merits of a proposal. At the hearing the Inspector will lead a discussion on the matters already presented in the written statements and supporting documents. Although you may indicate a preference for a hearing, the Inspectorate must also consider that your appeal is suitable for this procedure.

Please answer the question below.

- | | | |
|--|------------------------------|-----------------------------|
| a) Is there any further information relevant to the hearing which you need to tell us about? If so please explain below. | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
|--|------------------------------|-----------------------------|

3. THE INQUIRY PROCEDURE ☐

This is the most formal of procedures. Although it is not a court of law the proceedings will often seem to be quite similar, as the parties to the appeal will usually be legally represented and expert witnesses may be called to give evidence. Although you may indicate a preference for an inquiry the Inspectorate must also consider that your appeal is suitable for this procedure.

Please answer the questions below.

- | | |
|---|--|
| a) How long do you estimate the inquiry will last?
(Note: We will take this into consideration, but please bear in mind that our estimate will also be informed by others' advice and our own assessment.) | No. of days |
| b) How many witnesses do you intend to call? | No. of witnesses |
| c) Is there any further information relevant to the inquiry which you need to tell us about? If so, please explain below.
Please continue on a separate sheet if necessary. | YES <input type="checkbox"/> NO <input type="checkbox"/> |

H. GROUNDS OF APPEAL

If you have chosen the written representations procedure, your **FULL** grounds of appeal must be made, otherwise we will return the appeal form.

If you have requested a hearing or an inquiry, you do not have to provide your full grounds of appeal. You can provide only a brief outline of your grounds, but it must be sufficiently detailed and comprehensive enough to enable the LPA to prepare their case.

Refer to our booklet 'Making your planning appeal' for help.

Please continue on a separate sheet if necessary.

Do you intend to submit a planning obligation (a section 106 agreement or a unilateral undertaking) with this appeal? YES ☒ NO

We are writing to appeal the refusal of the attached application on the following grounds. Although the proposed application exceeds the permitted development allowable on this site, when considering the size of the overall plot we do not feel this to be excessive. The property at present is neighboured by semi-detached houses and a substantial two storey farm house. The proposed development will not encroach in any aspect to the views of the neighbouring properties, due to the consideration taken within the plans.

The plot currently includes a number of hard standing outbuildings previously used for storage and housing of livestock. We feel that these buildings are of detriment to the existing landscape, particularly to neighbouring properties that have full view of the rear grounds. In total, the estimated floor space of these buildings is 320 metres squared. We plan to remove all of said buildings to restore the natural landscape in keeping with the surrounding area. We feel that this will be beneficial to both our own property / neighbours and passing traffic, as they are currently visible from Lambourne Hall Road. Although these buildings have never been inhabited, they are of sound construction and appear on the deeds of the property. Once removed, we are returning 320 metres squared back to the countryside and propose to incorporate a small proportion of this existing space to improve the quality of living within the existing property.

Although we appreciate that the external appearance of the property will change, we intend to maintain as many of the existing features and character of the building as possible. This will ensure that the building's history remains, despite the inevitable changes it requires to become a long term family home. As a young professional couple, we are looking to start a family in the near future, although this was not a consideration when purchasing the property. The property sits on a flood plain within close proximity to the River Crouch. We feel that two storeys are essential when considering a young family and the possible risk of flooding within the area. The neighbouring properties benefit from this living arrangement and so we feel that the proposed development would be in keeping with the area.

With regards to the supporting documentation please see photos taken on 27/2/10 showing the very high levels of water overflowing from the surrounding ditches and coming within close proximity of the bungalow following heavy rainfall.

We hope that our appeal will be considered on these grounds and look forward to receiving confirmation of your decision.

Best Regards,
Michael Davies

Hi Nick,

As per you e-mail dated 12th March, I would like to add the following statement to my appeal:

It has been brought to my attention that under the Town and Country Planning Act (General Permitted Development Order 2008) along the flank side of the dwelling. A single storey flat roof extension could be constructed amounting to 24 square metres in floor space. I would be prepared to enter into a Unilateral undertaking to remove my permitted development rights to extend my dwelling in this manner on success of my appeal.

Please accept this statement as part of my completed appeal.
